Negotiations Update

This morning, members of Temple's negotiating team met informally with TAUP President and Chief Negotiator Art Hochner and Vice President Joyce Lindorff to discuss ways in which a contract settlement could possibly be reached. The full negotiating teams for both sides will meet all day on Monday, October 27.

In the afternoon, TAUP held a general membership meeting where Art Hochner discussed with bargaining unit members the status of negotiations. He answered questions concerning the contrasting positions put forth by Temple's management and by TAUP.
