Hi All,

Recently you may have received an email titled "Official TAUP NonTenure-Track Constituency Council Voting Ballot Link" in your inbox. If you opened the email you found an invitation to participate in a TAUP survey in preparation for collective bargaining negotiations with Temple University (the current agreement end October 15, 2018). In this day of questionable emails this could very easily been viewed as some sort of "phishing " scam designed to do something heinous. I want to assure you it was a simple setup mistake made while preparing the survey from a previously used survey form template. The error was realized immediately after the email was sent, the title was quickly corrected, and the survey was resent using the correct title, " TAUP Work Life Survey 2017".

Please accept my apologies for the mistake.

Thank you,

John R DiBenedetto
TAUP Executive Director
